

Product End of Life (EOL) Notification

June 18, 2021

Steinel America Inc. is committed to providing the highest quality products and service to our distributors and end users. As a manufacturer, we strive to bring our customers the most technologically advanced products.

As part of that commitment, the below products of Steinel heat tools are coming to the end of their life cycle. Steinel has made the decision to not continue manufacturing these products in 2021 and will begin to be phase them out. They are currently available, and in stock at the Bloomington warehouse. This is a notice of our plan to not manufacture new lots and we will send an updated official notice of end of life of the product closer to the end of inventory along with a list of corresponding accessories and replacement parts.
